IO2.B – GUIDELINES TO PRODUCE THE STORY'S PLOT AND DIDACTICAL TOOLKIT

LE TESTE DI MODIGLIANI

The Toolkit will provide preschool teachers and pupils families with innovative, media based tools to be used with children to make them autonomously learn about different traditional tales, start to face diversity of cultures, and interpret the story and describe them through creativity i.e. drawings, collages etc. and promote cognitive and non-cognitive social skills among the children through the discovery and presentation of traditional tales through images, pictures, photos and videos.

Project partners experts, in cooperation with preschool teachers of the participating kindergartens will work on 2 traditional tales selecting them among the one presented by the pupils' families 1 being linked to the local area and 1 representing another culture/ethnic/religious group.

The project partners' experts will adapt the Tale plot, create didactical contents and collect images, photos, sounds, videos to be used by pre-school teachers with children.

The collection of the visual sources will be used both to produce billboards to be shown in the classrooms and through their digital version to be stored in the website so to be used as further teaching/learning resources.

Tale summary	<p>Modigliani's heads of stone Many years ago there was a prank of Modigliani's heads. Modigliani was born in 1884 in Livorno. He was a painter and sculptor, now his works of art are famous in the world but when he was alive his works were unknown. In 1909 Modigliani went to Paris but before his departure he threw his heads of stone in the ditches. Many years later (after 100 years to Modigliani's born) in 1984 were found 3 heads in the ditches and these works of art were shown in a museum. In truth the head was forged, three friends made one false head with drill, hammer and screwdriver. After someday the three young men said the truth and they showed the photo of his head of stone. The other two heads were made by Angelo Froglia. There is the story of a boy of 7 years that saw 5 heads of a young painter under the stairs of relative's house. When he was he put in his coachbuilder's workshop. Now the three heads "La Saggezza, la Bellezza e la Nera" are in a bank in Livorno.</p> <p>Testo del racconto " Le teste di Modigliani</p>

Educational potential	<p><i>Description of the education potential of the tale</i></p> <p>Il racconto porta i bambini alle origini della loro città natale e a scoprirne gli artisti.</p> <p>Contribuisce a sviluppare il senso artistico ed il senso estetico.</p> <p>Valorizza e difende le diverse forme d'arte.</p>
Tale adaptation	<p><i>Adaptation of the tale to the learning needs of pre-school children</i></p> <p>La scuola dell'infanzia è luogo di narrazione di forme culturali e di significati, che consente di integrare cultura ed esperienza, concetto e situazione, generale e particolare. Le storie sono stata raccontate da un genitore narratore che si è posto agli occhi dei suoi "ASCOLTATORI ATTIVI" come moderatore, proponendo l'argomento da trattare e moderando gli interventi. Utilizzando come strumento privilegiato il CIRCLE TIME abbiamo voluto creare un momento di dialogo e di condivisione durante il quale i bambini, seduti in cerchio, insieme alle insegnanti, ai genitori uditori e al narratore, hanno contribuito a creare uno scambio democratico di emozioni, idee e testimonianze, confrontandosi alla pari con i loro interlocutori.</p> <p>Dopo uno studio accurato della realtà dei fatti il racconto è stato costruito dando risalto agli elementi che sono in grado di catturare l'attenzione dei bambini, il tutto accompagnato dalle immagini dei luoghi del racconto.</p> <p><u>Testo del racconto " Le teste di Modigliani</u></p>
