

IO2.B – GUIDELINES TO PRODUCE THE STORY'S PLOT AND DIDACTICAL TOOLKIT

The Toolkit will provide preschool teachers and pupils families with innovative, media based tools to be used with children to make them autonomously learn about different traditional tales, start to face diversity of cultures, and interpret the story and describe them through creativity i.e. drawings, collages etc. and promote cognitive and non-cognitive social skills among the children through the discovery and presentation of traditional tales through images, pictures, photos and videos.

Project partners experts, in cooperation with preschool teachers of the participating kindergartens will work on 2 traditional tales selecting them among the one presented by the pupils' families 1 being linked to the local area and 1 representing another culture/ethnic/religious group.

The project partners' experts will adapt the Tale plot, create didactical contents and collect images, photos, sounds, videos to be used by pre-school teachers with children.

The collection of the visual sources will be used both to produce billboards to be shown in the classrooms and through their digital version to be stored in the website so to be used as further teaching/learning resources.
