

IO2.A – GUIDELINES TO IMPLEMENT THE STORYTELLING ACTIVITIES AND COLLECT THE VISUAL SOURCES

In each country, project partners' experts will cooperate with the teachers and with pupils' families asking them to tell traditional tales during classroom activities.

Every project partner will coordinate the activities of 5 kindergartens each represented by 2 preschool teachers, a class of at least 15 children and 6 representatives (parents/grandparents/family caregivers) of the families of the children.

The tales will represent both the local traditions of the area in which the kindergarten is located and the traditions of those pupils who are part of other countries/ethnic/religious backgrounds.

Once the tales are identified the parents/grandparents/family caregivers will tell the stories to the class and the children will be asked to produce drawings/collages/clay models representing their understanding of the story plot.

From 3 to 6 stories should be collected for each Kindergarten involved. That is a total of 15 to 30 per partner.

For every tale the project partners' experts will collect and provide the following information:

- Tale description
- Collection of photos of the drawings/collages/clay models
- **If possible: Photos, Audio, Video of the activity**
