

Practical Activity 3: Appropriate videos online

Description of the Practical Activity: In this practical activity, we are going to think about using free online video streaming in class.

1 Let's start with this video: <https://www.youtube.com/watch?v=xMYBKAhfpio>

Learn Colors Bubble Gum Microwave Toy Baby Doll Slime Milk Bottle Feeding Training for Children
This video has about 45 minutes playing with colorful toys.

Think about the quality of the video, values and learning usefulness.

2 We are going to continue with this other video: <https://www.youtube.com/watch?v=yGjOXITvBhA>

Learn Colors for Kids Cycles with Spiderman Cartoon with Color Cars for Kids

This is a computer generated video with a game engine and some decontextualized heroes like Spiderman or Elsa. This video is easy to find and maybe will play automatically after a regular video. Is this video appropriate for preschool children? Look the quantity of visualizations.

2 The next can be found if we search for Peppa Pig:

Peppa Pig Dies

The aim of this exercise is to reflect about the contents available easily in the same platform we use to put some cartoons for the kids.
